

Prince Albert will show you the real road to smoke-joy!

Copyright 1916 by R. J. Reynolds Tobacco Co.

PRINCE ALBERT was made to create tobacco content where it never existed before! It permits men to smoke all they want without getting a sore tongue, without any comeback but real tobacco enjoyment! The patented process by which Prince Albert is made (and controlled exclusively by us) fixes that—and cuts out bite and parch!

PRINCE ALBERT

the national joy smoke

comes right to your taste fair and square! And it will do for you what it has done for thousands of men—make pipe or cigarette smoking the cheerfulness of your pleasures!

Prince Albert is to be had everywhere tobacco is sold in tins, 10c; handsome pound and half-pound tins, 10c; in that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such fine shape—always!

What we tell you about Prince Albert is a fact that will prove out to your satisfaction just as quickly as you lay in a stock and fire-up!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tin you will read: "Process Patented July 26th, 1907," which has made three men smoke pipes where one smoked before!

SPREAD GOOD CHEER.

If God gave you gayety and cheer of spirits, lift up the care-worn by it. Wherever you go, shine and sing. In every household there is drudgery. In every household there is sorrow.—Henry Ward Beecher.

A Querulous Question.

"The sameness of these meals is getting on my nerves."
"I can't think of anything else," rasped his wife.

"You're strong for new styles in shoes, hats and ways of fixing the hair. Ain't there never any new styles in eatables?"—Louisville Courier-Journal.

Fair Division.

Scene: Police court during dispute over eight day clock.

Magistrate—I award the clock to the plaintiff.

Defendant—Then what do I get?

Magistrate—I'll give you the eight days.—Stray Stories.

Hindering the Process.

Doctor—Well, John, how are you today? John—Verry bad; verry bad. I wish Providence 'ud 'ave mussy on me an' take me. Wife—Ow can you expect it to if you won't take the doctor's physic?—London Mail.

The Reason.

"How is it that one never forgets a love affair?"

"Because that is something one learns by heart."—Boston Transcript.

Prize Story Brilliant.

Gems from a recent short story prize competition:

"Oh, if my poor old mother could sit up in her cold, cold grave and see me, how happy she would be!"

"Madeline seated herself at twilight on the wisteria piazza."

"Ethel decided to prepare something appetizing for her husband's supper."

"Adelaide was accustomed to have her fractious horse brought around every morning before breakfast so that she might take an exhilarating gallop through the Paris boulevards."—Bookman.

"Goody Two Shoes."

The first publisher to issue sensible books for children was John Newbery, who got Oliver Goldsmith and others to write "Goody Two Shoes," "Tommy Trip," etc., for him. Unfortunately Newbery was also a patent medicine vender and made his authors refer to his wares in the stories, as where the father of Goody Two Shoes dies miserably because "seized with a violent fever in a place where Dr. James' powder was not to be had."—London Standard.

Low 20th Century Manure Spreader

A Durable Machine

THE Low 20th Century spreader is durable because it is built almost entirely of steel. The main frame is steel, braced with steel. Both front and rear trucks are steel. All driving parts are steel. The controlling levers and even the seat are of steel. The only wood entering into the construction of this machine is used in the sides of the box, the apron slats, the beater bars, and the tongue. In these places the kind of wood used is more durable than steel.

Besides being durable the Low 20th Century spreader is without exception the most efficient spreader on the market. The features that make it durable and efficient will have to be seen to be thoroughly understood. The dealer has a sample machine set up, and can show you these features better than we can tell you in fifty advertisements. Go in and see the machine.
